

**Subject: Powergrid organized medical, vaccination and dress distribution camp at Jetu Line of Kalchini, Alipurduar in West Bengal**

Powergrid organized medical, vaccination, dress distribution at Jetu Line of Dalsinghpara, Kalchini, Alipurduar in West Bengal. The village is very remote and poverty-stricken.

The 400 kV D/C Jimeling (Bhutan)-Alipurduar line (India portion) transmission system provides evacuation of power from Mangdechhu Generation Project (720 MW) in Bhutan. The associated transmission system was evolved as a part of the National Transmission Grid Master Plan (NTGMP) for Bhutan.
