Annexure A

Notes:

a) Main parameters including Administrative Ministry Priorities (unless otherwise specified), shall be evaluated on a proportionate marking basis for achievements ranging between 50% and 100% of the target and the achievements below 50% of the target shall score zero, except in the case of the Total Return to Shareholders parameter.

b) There shall be no adjustment in prescribed targets or achievements on account of changes in exchange rates, regulatory prices of raw materials or finished goods, reduction in margins, or any other reason, as these are considered normal business conditions, unless otherwise specified.

c) The aggregate score shall be contingent upon compliance with the prescribed compliance parameters. Failure to comply shall result in the deduction of full marks, as indicated, without any partial or proportionate deduction, unless otherwise specified.

d) When calculating annual achievements, any quantified qualifications from the Comptroller and Auditor General (C&AG) or Statutory Auditors would be adjusted accordingly in the Revenue, Profit, Surplus, etc.

e) The Capital Expenditure target is determined based on Statement 26 (Investment in Public Enterprises) of the Budget Expenditure Profile or the Ministry's vision, whichever is higher. No downward revision in the Capital Expenditure target shall be considered; however, upward revision may be undertaken if the Revised Estimates of Capital Outlay exceed the existing target. The parameter is applicable subject to a minimum target of ₹100 crore.

f) The target related to Project Execution is applicable for the CPSEs having projects under monitoring on PAIMANA portal of MoSPI. No target is assigned in advance but will be evaluated at the closing of the financial year, as per the methodology contained in the MoU Guidelines. Further, CPSE and Administrative Ministry shall ensure that all eligible projects are reported on PAIMANA Portal in a timely manner, wherever applicable.

g) The specific targets are not prescribed in the MoU for: (i) Total Return to Shareholders, if applicable and (ii) Dividend Payout. These parameters shall be evaluated based on achievements against prescribed benchmarks, as per the methodology contained in the MoU Guidelines, at the closing of the financial year.
